

# Healthy King County Coalition

Mobilizing communities to achieve health equity

## Healthy King County Coalition 2017 Membership Form

**WHO WE ARE:** The **Healthy King County Coalition** is a group of King County residents and organizations united to achieve health equity through policy, systems and environmental change.

**OUR PURPOSE:** To mobilize and support community partners to create equitable choices that support healthy eating, active lifestyles, and smoke-free living. Please visit us at <http://www.healthykingcounty.org/about-us/mission-vision-and-values/>

**WHAT WE DO:** We acknowledge the disparities within current health care initiatives and services. Our five workgroups meet monthly, lead special projects throughout the year, and drive the dialogue upward to the Governance Team and the coalition as a whole on PSE.

We host quarterly coalition meetings, leadership training, workshops on social change and managing data, and forums on how to change policies, systems, and the environment.

### LEVELS OF MEMBERSHIP

Select the level you will participate at

- Voting Member:** You support our overarching goal of health equity. You belong to at least one Workgroup, attend quarterly Coalition meetings, and participate in one event or workshop a year. Your organization will be listed on our website and letterhead as an official voting member regarding our annual policy priorities. You agree with our values and principals and support our 2016 platform. You use HKCC's equity assessment tool in your work.
- Supporting Member:** You support our overarching goal of health equity. You attend at least one Coalition meeting a year, support our events, and you're encouraged to join one workgroup. You agree with our values and principals and support our 2016 platform, but cannot vote on PSE issues. You use HKCC's equity assessment tool in your work.

All members provide in-kind staffing resources and/or financial support to the Coalition, and agree to mobilize their organization members around the Coalition's health equity policy priorities.

Mobilizing communities to achieve health equity

## CHOOSE A WORKGROUP

- Built Environment and Active Living (BEAL)** – BEAL works with local jurisdictions to provide and improve community places for physical activity and the social environment.
- Healthy Eating (HE)** - In partnership with community, the Healthy Eating Workgroup supports the improvement (from production to consumption) of local healthy food and access to nutrition for healthy lifestyles.
- Schools & Early Learning (SAEL)** - SAEL supports community-driven changes to systems for equitable and healthy outcomes for our kids from birth to young adults.
- Tobacco, Marijuana, and Other Drugs (TMOD)** - Supports strategies, promotions, partners, and programs that advance smoke-free living.
- Equity Committee** - Ensures health equity by applying race and social justice principles in all policy, systems, and environmental change efforts throughout the coalition’s work.
